The Editors Notes

Sorry to say I have to come to you with my begging cup in hand as my cupboards are bare. The times are harsh and copy is scarce and at this time I have nothing to fill the next issue of our journal. I need your help to fill these pages and the pages beyond, please tell us your stories, your skills or anything you may think we will find interesting, I will help as much as you need in the preparation as I have the skills, but not the ideas. I need you and your images. We have talked about going back to three issues a year, but without the copy we are unable to offer this. Please help, you'll be surprised what makes an article.

This issue presents the 2020/21 Circle Review to you, all titles and authors were taken from the image title direct, as supplied by the circle secretaries. I do hope you enjoy the images, particularly if you did not attend the exhibition itself.

All the non gold images from the circles that submitted them, have been held back to the next issue.

One question I have wanted to ask you the members, do you want to see other members doing product or programme reviews? Please let me know.

I do hope for 2022 you all manage to get back out there on many photographic adventure and tells us about them. (please)

Please all stay safe and healthy and keep smiling.

Paul Hoffman EFIAP CPAGB BPE3*

The President's View

The Covid 19 pandemic continues to dominate our lives and has given us something of a roller-coaster year, though 2021 ended in a situation a bit better than the previous year. On the bright side, the Convention was able to go ahead in September virtually as before, with the number attending about the same as pre-Covid, and Council has received many comments on the success of the weekend. Life is stuttering towards a semblance of normality, and most have had a just about “normal” Christmas.

The Covid shutdown spawned the idea of the Zoom Circles at the end of 2020, and these are not only flourishing but expanding. There are now 5 “general interest” Zoom Circles, and the new specialist Infra-Red Circle quickly became full and divided into two with Ray Grace as

Secretary of Z7. Barbara Beauchamp offered to start and run a Circle for panels (Z8) that was over-subscribed even before the first meeting and Chris Hodgson is taking on the second “panels” Zoom Circle (Z9). Two monochrome Zoom Circles are about to start (Z10 and Z11) both led by Arnold Phipps-Jones.

In Council, Colin Westgate had said that he wanted to stand down as Publicity Secretary. Fortunately, Colin has agreed to accept a proposal (to be put to the AGM) to continue on Council as a permanent member so that we will continue to benefit from his enormous experience. The Publicity Secretary position remains vacant.

The council have had lively debates concerning the public face of UPP, and suggestions about changes to the “little man” logo, the name of the magazine and even the name of the Club were discussed by emails and in a special Zoom meeting.

As a result, there’s no proposal to be put forward to shorten the full official name of the Club, though it’s recognised that we are generally known simply as “United Photographic Portfolios”, abbreviated to “UPP”.

However, not for the first time has it been suggested that the term “little man” doesn’t adequately or properly reflect modern society in general and the membership of the UPP in

The President's View

particular. The logo design was introduced in the magazine in 1936 and has seen some minor tweaks over the years: so, some cosmetic changes have been agreed in order to standardise the appearance and soften some of the hard corners, but it otherwise remains. But the name "The Little Man" is being dropped, not only to describe the logo but also as the title of the magazine: this will in future be known as the "UPP Journal". Several minor changes to the Constitution will be put forward at the AGM to alter references to the name in the Constitution.

There has also been some working of the front of UPP's "Facebook" page while Arnold Phipps-Jones has been continuing to expand the website.

Organisation of the 2022 AGM Convention (Friday 2nd to Sunday 4th September) is well under way, and hopefully the upset and ad hoc arrangements which constituted 2020 are well behind us. I hope too that the vaccination programme will keep at least most of us safe and allow a fruitful photographic 2022.

Francis Ouvry LRPS

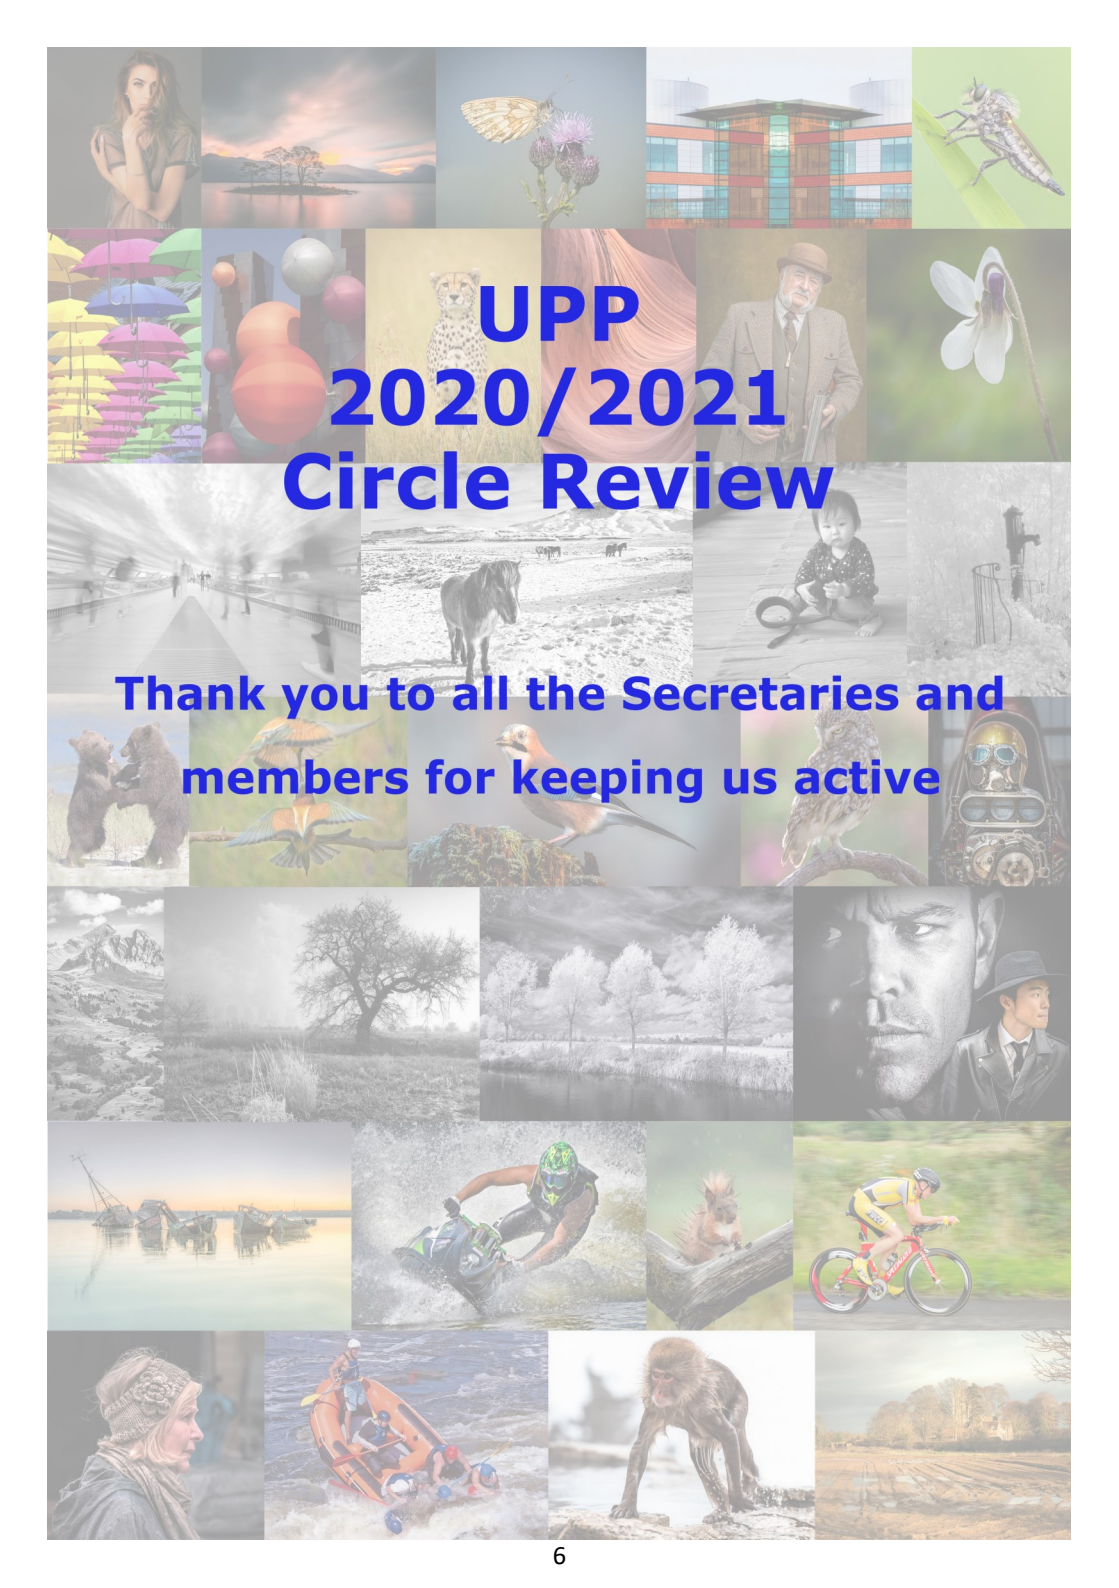

Norman Moor

Norman Moore 1927 – 2021

Norman sadly passed away on 30th December peacefully at home. Norman joined the UPP in 2003 and with sadness had to leave owing to ill health in August last year. During his membership he had spells in C3, C73 & C62. Norman was a keen photographer, also a talented musician with his beloved Violin which he played for 87 years.

He will be missed by many specially his family, wife Silvia and son Justin, please visit the club website to see a personnel obituary written by his Son.
